

INK – Die Informatik Hochschulgruppe and Arbeitskreis Erasmus present:

Studying Abroad

Information Session

Wednesday, 21st of April, 7:15 pm
HS -102, Building 50.34

InterACT is a worldwide research center that has locations at the universities seen below and the KIT. InterACT aims to exchange knowledge and to jointly train students in an environment of international immersion, where students get to know each other and then collaborate and participate in research projects. We offer exciting scientific opportunities and scholarships.

In this information session we will provide information about the exchange process, including application, financing, situation at the partner universities, etc.

Speakers:

Margit Rödder, InterAct Karlsruhe
Kelly Widmaier, InterAct Pittsburgh
Former InterAct students

At the end, there will be time for answering questions.

The offer is for students of Computer Science or Business Informatics only. Supported are Studien-/Diplomarbeiten or Bachelor-/Master theses at one of our partner universities.

Partner Universities:

Carnegie Mellon University Pittsburgh / Silicon Valley USA	University of Southern California Los Angeles USA	The Hong Kong University of Science and Technology Hong Kong China	Waseda University Tokyo Japan	National Institute of Information and Communication Technologies Tokyo Japan	Italian Institute of Technology Genoa Italy
